THOMAS MOORE
City of Seal Beach Councilmember/Businessman

By supporting my re-election as Councilman for District 2, you will be voting for citywide safety, security and fiscal responsibility.

You will be taking action against wasteful spending by sharing my ideal to treat our tax dollars with care and efficiency. You will be voting for a technology professional who knows how to optimize operations and push for more efficient communication systems.

Your vote will ensure the community will be represented by a hard-working individual who will work tirelessly for your interests with integrity and honesty.

A 24 year resident, I enjoy being active within the community, and I am currently a Director on the Orange County Fire Authority. I also enjoy being a member of the Seal Beach Lion's.

I appreciate the small town feel of Seal Beach and supported efforts to prevent a large LA Fitness development, while promoting small businesses.

As a businessman who has started several companies from the ground up and as last year's Mayor, I have shown fiscal prudence while making Seal Beach a safe and special place. I will continue to make Seal Beach better with the same careful oversight and attention.

I look forward to the work ahead.

Vote for Tom!
