A Message from the City Manager's Office

It’s been a great spring season following a very successful “Be More Healthy” Expo, 5K/10K Run, and Seal Beach Car Show, and we are looking forward to a very active and fun summer season.

Once again, as part of our annual budget process, the public has the opportunity to provide input at the Council budget workshops in early June. Shortly thereafter, the City Council will consider adoption of the fiscal year 2016-17 budget. The new fiscal year will bring great opportunities and undoubtedly a few challenges. To manage the goals and objectives in the upcoming fiscal year and beyond, and to provide staff with the principal policy guidance for the development of the City budget, the City Council and executive management staff held a Strategic Planning Workshop in April to provide an opportunity for the City Council, staff, and public to review the accomplishments of the previous year’s goals and objectives, as well as to develop a Mission Statement and three-year goals for 2016-2019. A strategic plan provides the basis for teamwork, communication, improved services, and preserving a high quality of life in Seal Beach.

The City Council unanimously approved the Strategic Plan, including a mission statement and 3-year goals with 6-month strategic objectives as follows:

Mission Statement
“The City of Seal Beach provides excellent city services to enhance the quality of life and to preserve our small town character.”

3-Year Goals (2016-2019)
- Provide a quality beach and pier environment, including a restaurant
- Achieve short and long-term fiscal sustainability
- Improve and maintain the infrastructure
- Attract, develop, compensate and retain quality staff

The City Council and executive management team will monitor progress of the 3-year goals and 6-month strategic objectives at each monthly Council meeting, and the City Council has already scheduled a follow-up Strategic Planning Workshop in October to more thoroughly assess progress on the goals and strategic objectives, identify a vision statement and core values for the City, and develop key performance measures and objectives for the next 6 months.

With the summer upon us, we are excited to continue our tradition of welcoming visitors to our small coastal town while also enjoying a variety of local events with our neighbors. From our beach and parks to the Summer Concert Series to Movies in the Park, we have a variety of local venues and events that are family-friendly and filled with recreational opportunities that everyone can enjoy. These events are typically organized by resident-volunteers and the business community such as the Seal Beach Chamber of Commerce, Lions Club, and also joint efforts with other municipalities to host various events in the summer including the 4th of July Fireworks Show at the Joint Forces Training Base. This annual event brings together residents from Cypress, Los Alamitos, Rossmoor, and Seal Beach to celebrate America’s Independence and to honor those who have served and are serving to protect our country. Each of these organizations, and many others in our community and region, do an exceptional job of donating countless hours of dedicated service to promote the quality of life in Seal Beach.

Wishing you the best this summer, and please be sure to check out all that Seal Beach has to offer!

Coyote Awareness Reminder

The highly adaptable nature of coyotes allows them to live in almost any habitat in California, including in a surfside community like that of Seal Beach where natural space is part of the landscape and ample food, water and shelter is readily available.

If coyote sightings are common in your neighborhood or place of recreation, now is a good time to learn or re-familiarize yourself with the following simple strategies to safely and responsibly coexist with these wild members of the dog family:

- Make your property less hospitable for wild animals by removing shelter, water and food sources: thin ground level shrubbery that can serve as a den or hiding place, take down and store bird feeders, and promptly gather low-hanging fruit and collect any fallen pieces.
- Teach your children to learn how to identify a coyote and know what to do if they come in contact with one.
- Keep a close watch on small pets, feed them indoors, supervise them while they are outdoors, and always walk dogs on a leash.
- Store refuse containers in your garage or another secure area until collection day.

Also of great importance is that you and your neighbors do not intentionally feed or attempt to tame coyotes as this causes them to lose their innate fear of humans, thereby increasing the potential for encounters and conflicts with people and pets.

In the event you encounter an aggressive or fearless coyote, the Department of Fish and Wildlife suggest you take the following steps:

- Make sure you are standing up and pick up any small pets or young children who may be with you.
- Face the coyote and try to frighten it away by shouting loudly and waving your arms above your head to appear larger and menacing; do not stop until it has left. If it does not leave or starts walking toward you, throw rocks, sticks or other objects in its direction.
- Retreat by walking backward so that you do not turn your back on the coyote.

For more information or to report a coyote sighting, please contact the Long Beach Bureau of Animal Control at (562) 570-7387 or the Seal Beach Police Department at (562) 799-4100 or visit the City’s website at www.sealbeachca.gov.

Always Call 8-1-1 Before You Dig

With home improvement season now underway, the City would like to remind readers to call 8-1-1 before commencing any project that requires digging or excavating.

Even the most simple of projects such as planting a trees or installing a mailbox can lead to damage of underground utility pipes, which can have serious consequences.

One toll-free call to the USA Underground Service Alert (8-1-1) will alert all local utility companies of your planned project and schedule them to come out and mark the location of their respective underground facilities in and around the excavation site at no cost to the property owner.

Always call 811 before you start any digging project! You can help avoid injury, expense, and a very inconvenient day without critical services like electricity, internet or phone.

For more information, visit www.call811.com or call 8-1-1.

Prevent Drowning: Always Watch the Water

While drowning is the number one cause of accidental death in children under the age of five, adults comprise nearly 60% of fatal drowning related incidents. Drowning is 100% preventable, and yet there were 117 total drowning incidents in Orange County in 2015.

Drowning prevention and water safety need to be practiced year round! The Orange County Fire Authority offers free drowning prevention and water safety programs to Seal Beach residents. To schedule or for more information, please visit our website at www.ocfa.org or call (714) 573-6200.

By participating in these programs and learning water safety tips, together, we can reduce needless drowning tragedies.

Drowning Prevention

A. Active Adult Supervision
   - Never swim alone, even adults
   - Actively supervise children in or near water – no phone calls, texting, reading, napping, or other distracting activity

B. Barriers
   - Isolate pool/spa from home and play areas
   - Install multiple barriers and maintain regularly

C. Classes
   - Learn to swim
   - Learn CPR, first aid, and rescue techniques
   - Make sure anyone responsible for your child is prepared to respond to an emergency

D. Drain Safety
   - Teach children to stay away from pool/spa drains
   - Install compliant drain covers and automatic shut-off pump systems
   - If someone gets stuck on the drain, turn off the pump immediately. Insert fingers or small object between drain and body to break seal

7th Street Alley Waterline and Sewer Replacement Project

The City is reconstructing the 7th Street alley between north of Electric Avenue and Pacific Coast Hwy, due to water and sewer main lines that have deteriorated over the years. The 7th Street Alley Waterline and Sewer Replacement Project CIP No. WT1607 is replacing the sewer, waterlines and rehabilitating the alley pavement. The City is currently under construction and estimates the project to be complete summer 2016. Your cooperation is critical to the safe and successful completion of this project. This temporary inconvenience will provide years of quality utilities and a nicely concrete surfaced alley.

Pop-up City Hall

The City of Seal Beach introduces Pop-up City Hall where we will be highlighting City programs and services at special events. It will also be an opportunity for members of the public to meet City staff from various departments and ask questions and/or provide input about topics that you are interested in. We look forward to meeting you!
