### Find us on Facebook

Want to keep up with City events and programs? The Community Services Department is on Facebook at [www.facebook.com/](http://www.facebook.com/)

## Summer Shoreline Recreation Guide Now Available

The Summer issue of the Shoreline brochure has been mailed to residents and is now available at all City facilities. The brochure includes all summer programs, senior services, City news and community events. Click [here](#) to check out the summer issue!

Want to register for a class? Click [here](#) to visit the online registration portal. Thank you to all parents and participants for helping make spring 2019 a great success—we hope to see you all in the summer!

## REGISTER Online

SealBeachCa.Gov

Online Registration Begins:

**May 6**

Walk-in and Mail Registration Begins:

**May 13**

We welcome non-residents to participate in our programs. Register early to avoid class cancellations. Pre-registration required through the Community Services Department for all classes. If your name is not on the roster you may not participate in the class until class fees have been paid.

## 12th Annual Seal Beach Health Expo a Success

On Saturday, May 18th, the Seal Beach Chamber's Annual *Be More Healthy Expo* was held at Eisenhower Park. An array of vendors and health care professionals came together to provide information to the public about available health and wellness services in the community. Seen below: attendees take part in a dance class, adults and little ones enjoy the game booth, and City of Seal Beach staff run the City information booth.

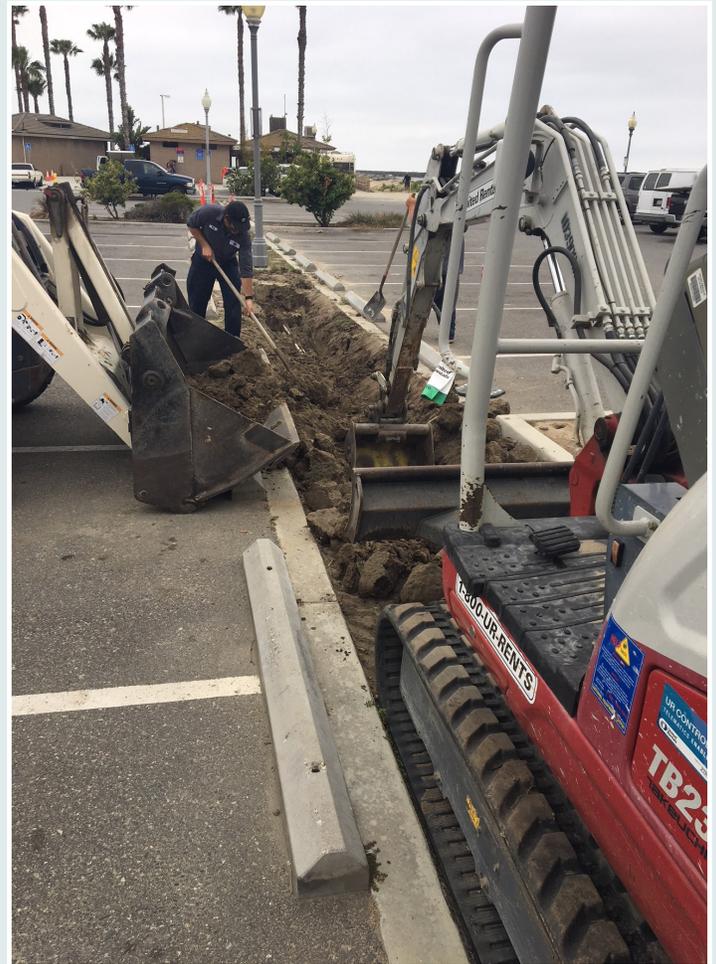

## Lifeguard Tower Utility Communications

Seal Beach Public Works is currently installing dry utility communications for the Lifeguard Beach Towers. This work involves trenching conduit and tapping into the communications systems for the Pier Utility Corridor. Work lasts approximately three days and was scheduled with the rental of a mini-excavator for another nearby project. Public Works schedules crews and equipment to maximize production and work efficiency where possible.

## Storm Water Swale Installed in Beach Lot

The Public Works team is performing grading for a storm water capturing swale. This water quality feature will hold surface runoff rainwater in the 1<sup>st</sup> Street Beach Parking lot, and act as a small retention basin for the water to filter its pollutants and percolates into the ground. These swales will be seeded with a drought tolerant *Distichlis Spicata* (Saltgrass) for landscaping purposes and will be able to survive the conditions and the marine environment.

## The ABCs of Pool Safety

Whether you're at a community pool or in your own backyard, knowing the ABCs of pool safety can help you keep summertime fun when kids are in the water.

- A:** Adult Supervision, Assign a "Water Watcher"!
- B:** Barriers, Install Fencing!
- C:** Classes, Learn CPR!
