

STEPHANIE WADE
Veterans Policy Advisor

I am a parent, surfer and veterans policy advisor. I live in Seal Beach because I love living and surfing here. I've owned houses and lived in other beach towns but nothing compares to our jewel by the sea. I'm running to keep our town a prosperous, safe, fun place to live and raise a family. I want to focus on protecting our town from the effects of climate change, like flooding and beach erosion. I will reduce both homelessness and crime, and improve traffic safety.

My public service includes serving as a Marine infantry officer, teaching in public schools and serving as Chair of the OC Veterans Advisory Council. I also led one of the nation's largest Surfrider chapters in successful beach access, dune restoration and trash reduction campaigns. I served as a Veterans Liaison to a local congressman and now work as a Policy Advisor to a County Supervisor. I've worked alongside city governments and regularly attend our city council meetings.

As a councilmember, I will promote unity and civility. I will apply my experience as a Marine officer and with federal, state and local officials to find resources and solutions for our town. www.wadeforsealbeach.com.
