

**LISA LANDAU**  
Community Volunteer

Seal Beach is where I've called home for years. I chose Seal Beach to raise my son because it's a safe, secure, wholesome small town.

With 30 years' experience as an accountant, I'll bring my expertise to the council to properly prioritize safety, infrastructure, recreation, clean beaches and ocean while maintaining precious municipal resources.

As past communications director for Seal Beach Police Volunteers, I'm aware of our safety needs and am dedicated to maintaining a wholesome and safe community by increasing visibility of our officers and volunteers in our neighborhoods and on Main Street.

As a Leo youth advisor, I've dedicated my time to giving our youth recreation and service opportunities. As your councilmember, our children will have an advocate. Our children and grandchildren need safe places to go with good supervision and meaningful, fun activities to occupy their time.

My priority is serving our community so we can all live, work, play and raise our families in the small-town environment we moved here for.

I'm your local candidate who has worked with you to improve our small town for many years. This is not a steppingstone to higher office for me. I'm from our community and for our community.
