A Conditional Use Permit (CUP) is an entitlement application which requires a public hearing and the adoption of specific findings provided in the Seal Beach Municipal Code (SBMC) Section 11.5.20.020. Uses described in SBMC 11.5.20.010 are subject to a Conditional Use Permit. The purpose and intent of the Conditional Use Permit is to ensure that these uses which are not permitted by right are located, planned, and used in such a manner as not to be detrimental to the surrounding properties and to the community as a whole. A Conditional Use Permit shall not be granted if a determination is made that the use will be detrimental to the health, safety and general welfare of the community. Examples of conditional use permits are churches and restaurants desiring to serve alcohol.

**APPLICATION PROCESS**

1. An application for a Conditional Use Permit shall be made by a property owner or his/her authorized agent. An application must be properly completed with the notarized signature of the property owner of record as of the date the application is submitted.

2. The Planning Division shall assess and collect an application filing fee. The fees are based upon the most recent fee schedule adopted by the City Council.

3. The applicant shall submit all of the application materials outlined on the application checklist.

4. Staff reviews, researches and evaluates the proposal, then prepares an environmental assessment and a Staff Report, with recommendations, for the Planning Commission.

If incomplete, the applicant will be notified and advised of the requirements for re-submittal. If complete, the item shall be placed on the next available Planning Commission agenda for public hearing.

6. Notice of such hearing shall be given by mailing the notice, at least 10 days prior to the hearing, to all property owners and occupants within a distance of 500 feet from the exterior boundaries of the applicant's property.

7. The time and place of such hearing shall be set by the Secretary to the Planning Commission. Such notice shall include a general explanation of the matter to be considered and a general description of the area affected.

8. The Planning Commission convenes the public hearing where City staff presents the request. The applicant should be available to answer any questions from the Commission. Public input is solicited at this time.

9. The Planning Commission, based on the information and evidence presented at the hearing, approves, conditionally approves, or denies the application.

   A. Notice of the action taken shall be mailed to the applicant.
