

Seal Beach Pier Ribbon-Cutting Ceremony

JULY 22, 2019
10:00 AM

The Seal Beach Pier

Since its construction in the early 1900s, the Seal Beach Pier has served as a vital part of the community, drawing visitors from across California and around the world. On May 20, 2016, a fire all but destroyed the end of the pier. The extensive reconstruction process spanned three years, and on May 24, 2019 the newly renovated Seal Beach Pier re-opened to the public.
