CITY OF SEAL BEACH TO HOST INTERACTIVE ZONING CODE COMMUNITY MEETING

SEAL BEACH, CA – The City of Seal Beach will host an interactive community meeting on the upcoming Zoning Code Update, which will create a new, high density residential mixed-use zone. The new mixed-use zone is expected to be utilized in certain commercial centers where there is an opportunity to incorporate housing into the environment, in order to implement the City's Housing Element and Regional Needs Housing Allocation. The Zoning Code community meeting will be held in person in the Council Chambers, and will also be broadcasted through SBTv3 and Seal Beach Council Chambers YouTube channel. Both in-person and remote participants will be able to engage in real time with the community meeting through a mobile site that will be made available for the public at the start of the community meeting. The mobile site will allow for community participation and feedback through quizzes and polls, and provide an opportunity to ask questions. Input from the community is crucial in shaping the project as it proceeds, and participation is highly encouraged. Please have electronic devices charged and connected to stable internet connection for the interactive mobile site participation.

Date: Tuesday, October 17, 2023

Time: 6:00 p.m.

Location: Council Chambers
211 8th Street
Seal Beach, CA 90740
